

Students should choose a research advisor by the end of their first semester. Type the advisor's name (and co-advisor if applicable) on this form and forward by email to him/her/them for signature. Then forward the signed form to the Graduate Programs Coordinator. When you have chosen your supervisory and comprehensive exam committee members, type in their names and forward the form to them for signature. Send completed/signed form to the Graduate Programs Coordinator.

See the *Graduate Programs Student Handbook* for more details on committee selection.

_____ Student's Name	_____ ASU ID Number
Degree Program: _____	

Research Advisor		
(Students must choose a research advisor by the end of their first semester. This person is the chair of the supervisory committee but does not participate in the comprehensive exam. The research advisor must be a member of the Biochemistry/Chemistry PhD Graduate Faculty. If the research advisor does not hold a faculty appointment in the School of Molecular Sciences, additional documentation will be required to ensure continuation of funding.)		
_____ Advisor Name / Co-Advisor (If Applicable)	_____ Signature	_____ Date
_____ Co-Advisor (If Applicable)	_____ Signature	_____ Date

Supervisory and Comprehensive Examination Committees		
(By the end of the first year, students must choose two additional tenured/tenure-track faculty members - these members will serve on both the supervisory and comprehensive examination committees. At least one of these members should be a member of the Biochemistry/Chemistry PhD Graduate Faculty; the other can be from outside the School of Molecular Sciences and/or Biochemistry/Chemistry PhD Graduate Faculty with approval of the Graduate Programs Committee and Graduate Education. Committee Members cannot be directly involved in the student's research.)		
_____ Name	_____ Signature	_____ Date
_____ Name	_____ Signature	_____ Date

Comprehensive Examination Committee		
(In addition, students must choose one tenured/tenure-track faculty member to serve on the comprehensive examination committee only. This faculty member does not have to be from the School of Molecular Sciences or a member of the Biochemistry/Chemistry PhD Graduate Faculty, but should be familiar with your research area and not involved in your research.)		
_____ Name	_____ Signature	_____ Date

Chair of Oral Examination Committee	
<i>FOR OFFICE USE ONLY - Assigned by the Graduate Program Committee</i>	
_____ Name	_____ Date
