

Students will choose a research advisor at the time of application. Upon admission, type the advisor's name (and co-advisor if applicable) on this form and forward by email to him/her/them for signature. In consultation with your Research Advisor, select additional committee members and type their names below and forward this form to them via email and have them return it to you. Then forward the signed form to the Graduate Programs Coordinator. (The final form can be submitted in person, but electronic submission is preferred for consistency with ASU's sustainability goals.) See the *Graduate Programs Student Handbook* for more details on committee selection.

_____	_____
Student's Name	ASU ID Number
Degree Program: <u>MS Biochemistry (Medicinal Chemistry)</u>	

Research Advisor		
(Students must choose a research advisor at the time of application. The research advisor must be a member of the School of Molecular Sciences faculty. Permission may be granted for faculty outside the School of Molecular Sciences to serve as a research advisor, but requests will be considered on a case-by-case basis.)		
_____	_____	_____
Advisor Name / Co-Advisor (If Applicable)	Signature	Date
_____	_____	_____
Co-Advisor (If Applicable)	Signature	Date

Supervisory Committee		
(By the end of the first semester students must choose two additional tenured/tenure-track faculty members for the supervisory committee. At least one of these members should be a faculty member in the School of Molecular Sciences; the other can be from outside the School of Molecular Sciences with approval of the Graduate Programs Committee and Graduate Education. Committee Members cannot be directly involved in the student's research.)
