Volunteer in potentially high risk locations.

1) Faculty member completes the ASU volunteer request process. Per SPP 212: Volunteer Services, departments may only use volunteers for non-high-risk positions. ASU Risk Management Department reviews and approves the form. http://www.asu.edu/ehs/forms/volunteer-registration.doc

2) ASU Risk Management Department contacts EH&S Department or designee to assist in evaluating concerns regarding the volunteers in high-risk location.

3) EH&S Department or designee conducts the evaluation process and determines any next steps along with the ASU Faculty member sponsoring the volunteers and their representatives (i.e. training, engineering controls, etc.)

Volunteer in non-high risk position requesting volunteer use of respirators.

1) Contact EH&S Department or EH&S Compliance Officer for evaluation of the volunteer concern and determine next steps along with the ASU Faculty or Staff member sponsoring the volunteers and their representatives.

2) If it is determined the volunteer may voluntarily use a respirator, EH&S Department determines required provisions and instructions to the ASU Faculty or Staff member sponsoring the volunteers and their representatives for completing the Respirator Medical Evaluation, OSHA CFR 1910.134 Respiratory Protection Standard Appendix “D”, and Training.
